

EYFS

The EYFS Framework sets the standards for learning, development and care for children from birth up to 5 years of age. The principles which guide the work of our Early Years Professionals are grouped into four themes:

A Unique Child - every child is a competent learner from birth who can be resilient, capable, confident and self assured

Positive Relationships - children learn to be strong and independent from a base of loving and secure relationships with parents and/or a key person

Enabling Environments - the environment plays a key role in supporting and extending children's development and learning

Learning and Development - children develop and learn in different ways and at different times; all areas of learning and development are equally important and inter-connected.

Areas of Learning and Development

There are six areas in which our Early Years Professionals support children to learn and develop. These are:

Creative Development

Physical Development

Social, Personal and Emotional Development

Communication, Language and Literacy

Problem Solving, Reasoning and Numeracy

Knowledge and Understanding of the World.
