

Wednesday 4th September 2024

Dear Parents,

We have representatives from the Qatar National Library visiting the school on Wednesday 11th September at 1pm. They will deliver a presentation on the 1st floor open area to students, parents and teachers.

At NIA Smash, our goal for this visit is to broaden the resources available to our teachers and students through memberships with both our school library and QNL. Additionally, we aim to foster a greater enthusiasm for reading among everyone in our school community.

Qatar National Library will present the following;

-they will provide detailed information about the benefits of being a library member, and they will also encourage parents and teachers to register with the Qatar National Library.

-they will do the presentation about the library in specific (QNL Membership) as a part of September membership campaign as well QNL Access Outreach Project.

If you are interested in becoming a member of the Qatar National Library, please have a copy of your QID and you can be registered for a membership.

We look forward to the event and hope to see you all there.

Kind regards,

Mr. J Browne
