

LET'S RECAP!

### Heritage

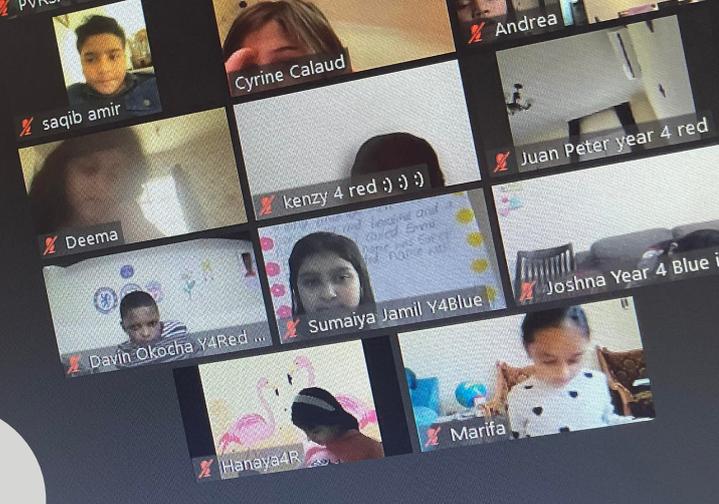

Heritage: Is all that the ancestors left of science, art, architecture, customs and values, and the heritage is divided into two types:

The tangible heritage such as fortresses, towers, houses and others, and the intangible heritage which include poetry, arts, stories and others.

Models from Qatar's Heritage:

- The traditional Qatari house.
- The popular Songs: They are a type of the lyrical songs, which are probably musical instruments.

## Principal Message

What a great start to the week having all of our students coming into school for the first time this term. Thank you to all of our parents who were very efficient with the testing and declaration forms that come in.

Thank you to all of our teachers who were able to quickly adapt their plans and techniques to adapt to online learning this term. Thank you to our wonderful students who are now professional online learners, the levels of engagement were fabulous! Thank you to our very supportive community of parents and carers who worked behind the scenes preparing work, IT equipment and the endless supplies of snacks needed for at home learning.

There has been some fabulous learning taking place over the past couple of weeks that we are excited to share with you!

## Road Safety

The safety of our children is important. Please ensure when dropping your children each morning we show patience and extra care.

## Year 5 Space Day

Students in Year 5 had a blast sharing all of their learning about space in their virtual immersion Space Day. There were brilliant projects on display and some of the dressing up was out of this world!

## PARENT COUNCIL

Keep an eye out on clasdojo. Mr Unwin will be sending out an invite for parents to join the Parent Council. This will involve parents working alongside our student council in organising school and community event.

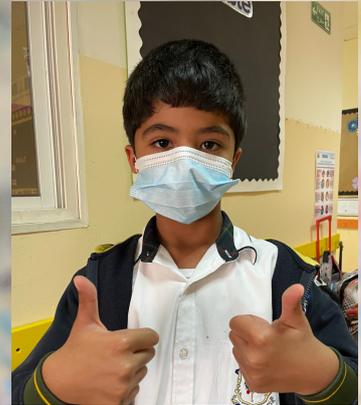

## VALUE OF THE WEEK

### Curiosity

Being curious, asking questions and investigating helps our minds to grow stronger. Take time this week to discuss this value with your children. Why is it an important value and how does it fit in with our 4 C's?
