Attendance Counts

ON TIME ALL DAY EVERYDAY

Principals Message

Things are gearing up for the big event! I know many of you are preparing for a month of watching football and following your favorite teams. Others preparing to use this extended break to travel and spend much needed time with our families.

There are a busy few weeks ahead of us before then so please make sure you take note of the reminders. Odd Socks is always a special day, where we can celebrate being different and accepting each others difference on Anti Bullying Week.

There have also been lots of different events and things taking place for us to celebrate since our last newsletter. One of the highlights for me is seeing how creative many of our children are being with their humanities projects, you can see the care and effort that has been put into many of them. it is also good to see that many of them have involved the whole family.

Over the break we will be ensuring children have enough activities set on Ed Shed and Active Learn to keep them going. There will also be additional tasks put onto Google Classroom for those who require. Please note this will be voluntary.

This month for our Qatar Identity and Values we celebrate being an ambassador for our family and are exploring how we represent our family everywhere we go. This is a great point for discussion at home.

Reminders

Football Dress Day
10 November

Maths Week
13 November

Odd Socks Day
14 November 2022

Maths Dress Up Day
17 November

End of Term
17 November

Value of the Week
Independence

How do I show independence?

Think PINK

Year 2 had a special visitor attending their assembly last week. A big thank you to Majed Al Kuwari's (2 Orange) Grandfather for coming in to show us and tell us what life was like in Doha when he was growing up. We certainly learnt lots!

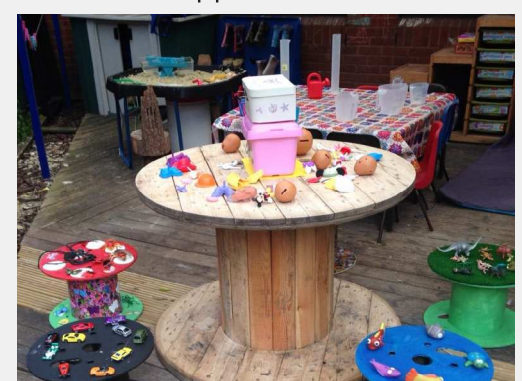

In EAL sessions, children have been learning about 3D shapes by making models using marshmallows to count the vertices and edges. They have also been using technology and word mats to help develop their English skills. Great work!

Arabic Lessons in EYFS

HELP

We are currently looking for cable rolls to enhance our play provision. If any parents can support us in sourcing these it will be greatly appreciated.

KS1 Humanities Projects

A sneaky peek at some of the amazing projects coming into KS1

Our Football Frenzy Topic this term is a huge success with lots of amazing learning taking place all about the World Cup. These are only some of the many projects that have been coming in.

There is nothing more important than

Reading

Year 5 Buddy Readers in EYFS.

Celebrating Success

Basket Ball and Coding

Congratulations to our Year 8 Boys Basketball team representing us in the Qatar Olympic Programme Basketball. Excellent teamwork both on and off the court!

Well done to our Year 8 Students for their outstanding results in the Inter Newton Computing Challenge Run by NIS Westbay.

Programming KS3

1st Maaz Khan

2nd Salwa Darwish

4th Jana Moemen

5th Aytin Ismail

Community Garden UPDATE

A month of growth!
