

In a heartwarming display of camaraderie and shared success, more than 200 alumni of NIA recently gathered at the first Alumni Gathering. The event, held at La Cigale Hotel, was a delightful affair as alumni from various graduating classes reconnected, remembered, and celebrated their accomplishments. The atmosphere was electric with laughter, shared stories, and a palpable sense of pride in the achievements of their fellow alumni. Highlighting the event was the presence of the esteemed founders of NIA, Dr. Jabr and Mrs. Afaf, who were visibly overwhelmed with joy as they witnessed the fruits of their dream. Driven by their unwavering belief in nurturing talent and quality education, the founders' vision and mission for NIA have materialized into a thriving institution that produced successful individuals across various fields. It was truly a memorable event!
