

Thursday, 23rd May 2024

Dear Parents,

We would like to forward the Ministry announcement our school has received related to conditions for applying for university studies outside the country at private expense or the employer's expense:

“With reference to the above topic, and within the framework of the efforts of the administration of private schools and kindergartens and the administration of the equivalency of university degrees to familiarize our students with the “Prior Approval” law before starting university studies outside the State of Qatar, which is considered a basic requirement for students wishing to study outside the country at private expense or the expense of an entity. The work approved by the General Secretariat of the Presidency of the Council of Ministers for the year 2017 issuing the system of equivalency of university degrees. Accordingly, all Qatari students in the secondary stage wishing to study outside the State of Qatar, in accordance with what was mentioned above, must obtain prior approval for study from the University Diploma Equivalency Department and commit to applying to universities only according to the list specified by the University Diploma Equivalency Department.”

Thank you.

Kind regards,

Mrs. Milica Radojkovic

Examinations Officer & Career Advisor
