Mr Paul Williamson

Principal

It has been a very exciting term at NIA and students have demonstrated perseverance towards their studies and commitment to their own personal growth and attainment. This has been evident in not only in the classroom, but also involvement in extra-curricular activities and leadership opportunities, which are now back in full swing.

I would like to acknowledge the efforts of Ms Sorcha who has put in many hours of work towards the Duke of Edinburgh program this year. This term, our Senior students thoroughly enjoyed their adventurous hikes at Zekreet and around Barwa, due to high winds. Many thanks also to Ms Sinead, Ms Ania, Mr Daniel, Ms Pharren, Mr Francois and Ms Monika who were also involved.

Our Debating teams have been very busy on the weekends, and also in The Newton Group debating competition, which NIA won. Again, Mr Nightingale puts a huge amount of time into this and it is greatly appreciated by us all.

We also hosted NIAMUN this term, and have participated in other conferences. Ms Carien has led our students through this, and will also take them to THIMUN during the Term 2 holiday.

Our sporting teams have had many successes on the field and courts. It is wonderful to be back involved in competitions such as the Olympic Programme, QUESS and QPPSA. Many staff have been involved with these teams under the guidance of Mr Claudiu.

We have also enjoyed hosting some parent workshops in Reading and Arabic this term. It has been lovely to have parents back in school, sharing the learning journey of their children.

Thank you to our parents connecting with us to discuss your child's learning progress and working in partnership with us to discuss strategies for improvement and support. As a Leadership Team we always welcome your feedback and suggestions in ways we can improve our communication channels with you. We greatly value the relationship between home and school and our staff will always make themselves available to discuss any questions or concerns you may have.

We are fast approaching the 'pointy end' of the year, as seniors start to focus on their external exams. We look forward to and wish our student cohorts all the very best with their exams coming up in Term 3, and hope they enjoy a restful holiday break, and also some peak study time.

Have a safe and happy holiday, and I hope you enjoy reflecting on the newsletter.

Paul Williamson

Ms Nadia January

Deputy Principal

Dear Parents,

It is with great pleasure to come to the end of Term 2 achieving and highlighting all the wonderful work that took place this term. Students and teachers have worked exceptionally hard and it is clear in the Newsletter the successes of everyone.

As parents, you can be proud of your child's performance and achievements and you can be proud to part of NIA. We are proud of our students and appreciate your ongoing support in your child's learning and participation in all school activities.

We continue to strive forward with the excellent partnership between teachers, students and parents, NIA successfully achieved its goals to continue high standards of Teaching and Learning. We appreciate everyone's efforts in making this work and fostering good relationships and good communication.

This year we are very proud that NIA will participate in the International Test, TIMSS 2023 (Programme for Maths & Science Assessment). This test is completed across the world in many countries to test the levels and standards of students Reading, Mathematics and Science levels. We are very confident that our students will perform well.

Once again, I would like to highlight our school's vision: 'An international community of learners striving for excellence and celebrating success'. It is clear through these times of change that our vision is always clear in everything we do. We would like you to continue working with us and be part of NIA community so that we can end this academic year successfully.

Have a lovely break. Stay safe wherever you may be.

Kind regards,
Nadia January

Ms Ansonet Obeholzer

Head of Primary

I may have said this at the end of Term 1 but it is hard to believe that the term is over. It's been an amazingly busy term with a great deal of success to celebrate. We are extremely proud of our More Able and Talented students who participated (and won) the Inter-Newton Quiz in both Year 3/4 and Year 5/6 competitions. We also celebrated with the level 2 boys and girls gymnastics team who qualified in first place and is going through to the finals. The boys football teams also did extremely well, especially the Year 6 football team winning the QPPSSA final! We are also pleased to share that our students performed exceptionally well in the athletics competition and won a total of 21 medals. Our students are performing so well, both in school and on the sports field.

Throughout Term 2 the students have been involved in many exciting learning experiences in the classroom including Science week, Humanities week and Maths week where they took part in a variety of activities and experiments. We also had Sports Week which was enjoyed by everyone. I am grateful to the Science, Maths and PE departments for their hard work and flexibility setting up and running each of the events. The atmosphere was fantastic and the students enjoyed each and every moment.

Year 1-6 students all agreed that going on trips was definitely one of the highlights of the term. EYFS enjoyed the Skydome and Build a Bear visiting Pearl and Oryx. You will see more on this in this term's Newsletter.

NIA staff have been involved in weekly Continuous Professional Development and had access to external and internal courses. Staff attended various courses such as Positive Behaviour for learning, Outstanding lessons including critical thinking, Education Perfect, P4C and White Rose training, only to name a few.

Thank you to each and every staff member who has worked extremely hard throughout the term, for your positive attitude and for going above and beyond in all that you do. Your efforts are greatly appreciated.

It was wonderful to see so much parent involvement throughout this term. The Guided Reading, Phonics and Arabic parent workshops as well as our termly parents evenings were enjoyed and well attended by our parents.

NIA hosted a 'Stay and Read' morning where Key Stage 1 parents got the opportunity to join their children's classes and take part in a Guided Reading lesson. We will definitely arrange another morning for Key Stage 2 as well. Thank you to our PTA who works closely with the school to ensure a positive partnership within the school community, to help our students be successful. Thank you to the NIA parents for helping us keep the children motivated, engaged, and focused on their learning.

I hope you have a restful break. If you do manage to get away, have a wonderful holiday.

Ms Ansonet

Ms Sandra Williamson

NIA Early Years Coordinator ORYX & PEARL

Dear Parents,

As we reflect on another busy term I would like to congratulate the youngest members of our school community.

Another ten weeks have flown by with everyone showing so much enthusiasm for their learning.

The growth and maturity in most is becoming apparent and we couldn't be prouder.

We have Foundation Two children about to enter their final term in EYFS. Listening and watching the work they are achieving in class is quite often astounding.

We even have some Foundation One children blending now. Who knows what will be on the cards for them next term. Exciting times ahead.

We have had another term full of successful ECA's. With many aspiring soccer players and Ballerina's eager to show off their skills. Please keep an eye out next term for sign up forms.

Although we have saved our external trips for Term 3 we have had many exciting opportunities in school. Science week saw the visit of the Sky dome where students learnt about the solar system as well as a visit of our resident scientist Mr Johan. The children were in awe. We finished the term off with Build a Bear which was a massive hit as well. Next Term we have several exciting trips and adventures in store. We will be also having some exciting parent workshops and activities next term where you will be invited to join your children in class. Stay tuned for the information coming about this.

I would also like to thank our wonderful EYFS staff who work tirelessly planning and preparing activities and learning opportunities for all of the children.

Lastly, I would like to extend a heartfelt thank you again for all of your unwavering commitment, support and effort to ensure we all work as one family.

Yours

Sincerely

Sandra Williamson

Ms Asma Hanif

Deputy Head of Primary Academics

As we end our second term, we are extremely proud of the children engaging so positively throughout the term.

The children have enjoyed Term 2 and thanks to all our marvelous support, we have succeeded in having a successful term during which learning and development has continued. Children have worked hard, and taken part in exciting dress up days and themed weeks such as Maths week, Science week and Humanities week.

We have worked together to ensure that we focus on doing everything possible to maintain the highest standards of education possible, both academically and for your child's personal development too.

We are all very proud of our children and would like to congratulate them on completing another successful term.

You can be very proud of them and how they represent you, their families and their school on a daily basis.

I would like to take this opportunity to thank you for your unwavering support throughout this term.

I wish you a wonderful and safe holiday.

Ms Asma

Mr Liam Wilson

Deputy Head of Primary Pastoral

Dear Parents,

As the second term at Newton International Academy comes to a close, I would like to take a moment to reflect on the past few months and extend my gratitude to our students, parents, and wider NIA community.

Firstly, I want to express my admiration and appreciation for our students who have shown tremendous dedication and hard work in their studies and extracurricular activities. Their passion and enthusiasm for learning and growth continue to inspire us all. I am confident that they will continue to excel in their pursuits and reach new heights of success.

I would also like to extend my heartfelt thanks to our parents who have been instrumental in supporting their children throughout the term. Your involvement, encouragement, and feedback have been essential to your child's success, and we are grateful for your continued partnership.

At NIA, we take pride in our values, and this term, the student council focused on Environmental Awareness. They organised a Zero Waste competition, which aimed to raise awareness about reducing, reusing, and recycling to help the environment in Qatar. In addition, they have initiated plans to develop an outdoor area where students can enjoy nature and learn more about local plants and wildlife.

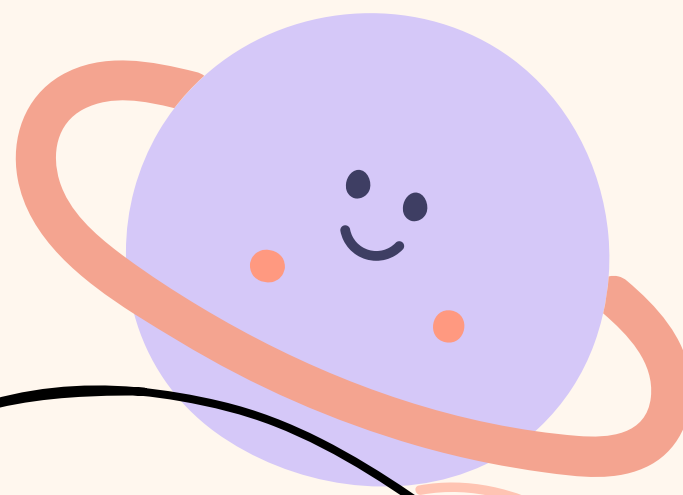

We believe that it is essential to instil these values in our students, and we are thrilled with their engagement and commitment to sustainability.

As we look towards the future, I am excited about the potential for continued growth and success in Term 3. I wish you all a restful and enjoyable break and look forward to seeing you in the new term.

Best regards,

Mr. Wilson.

EYFS - ORYX

Sports day was a lot of fun cheering and supporting each other! We competed against each other moving our bodies in different ways.

To celebrate the end of Maths week, we had a special hat parade with all of the amazing number and shape hats we made at home.

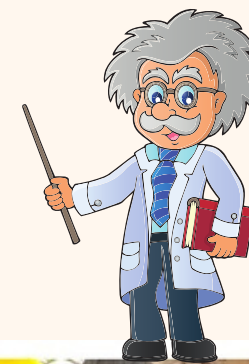

Super scientists celebrating the end of an interesting week of experiments. Finding out how things happen and why things work.

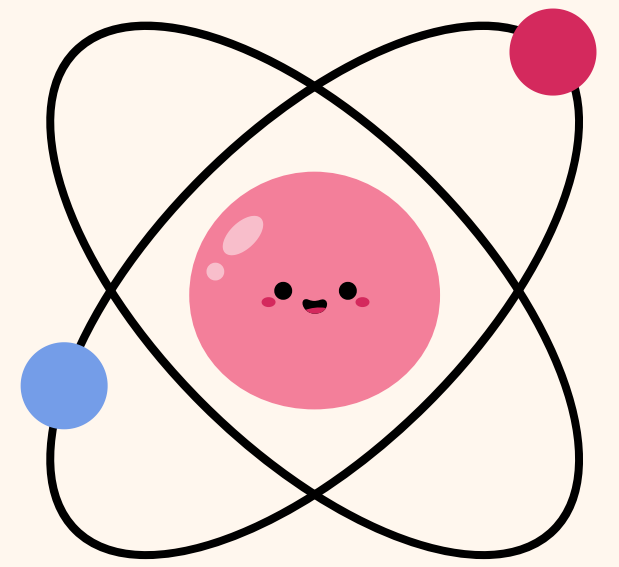

We love to play and learn in our outdoor space.

We are learning about pets, Ciara from Year six spoke to us about how to care for a hamster.

Watch out! We are experimenting.

We love exploring and learning about numbers and shapes.

We are learning about how plants grow, we planted, petunia, eggplant, and cabbage etc.

123

EYFS - ORYX

Children play card games within the provision.

Children sort pictures into the correct last sound.

Children work independently within the provision (literacy/phonics).

Children dig the fossils out from the sand tray.

The children have enjoyed having some of their P4C lessons outside in smaller groups. They have come up with some lovely discussion points this term!

Sports Day was so much fun! Everyone loved participating in all the activities, and competing against their friends.

Sports day in our class colours.

P4C lesson on emotions, pictured is children showing excitement.

The most fun the children had during Maths Week was designing their own hats! They were so excited to wear them to school and show it off to their friends.

Science Week in F2 Orange was a blast! The children loved all the experiments, and had a fun time dressing up as 'Mad Scientists' for a day.

Math's week wearing Math's Hats.

Looking at dinosaur habitats and small worlds.

EYFS - PEARL

Lachlan is playing with the scale in the Discovery area.

We are writing the letter t in the foam.

Mahra and Az Zahra are role playing with some puppets.

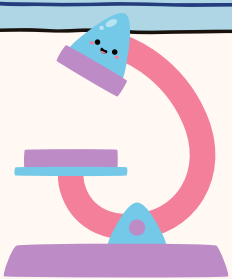

Our little scientist, Celia is investigating the Discovery Area.

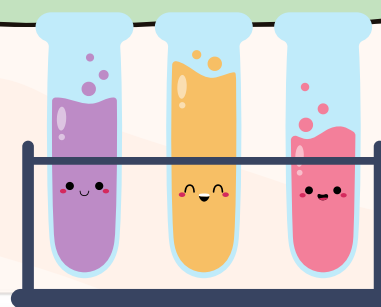

The children constructed a tower with wooden blocks, and Irhaa is making the tower even taller by adding some bricks to it.

We are enjoying the baking soda and vinegar experiment. Science Week

These boys, Amir, Yusuf and Jassim, transferred all the sensory bottles to the table and are getting ready to weigh each item.

We are painting our favorite Science experiment.

We are making slime!

EYFS - PEARL

The children enjoy playing with the dinosaurs matching the dinosaur toys to the correct pictures.

The children enjoyed the colour mixing activity using Skittles and water. The children were learning that we can mix different colors to make new colors.

Making a volcano.

In EYFS Newton International Academy PEARL Building our environment is an integral part of our children's learning.

The children work daily in both our outdoor and indoor areas. Exciting and stimulating resources enrich the children's learning possibilities. In Term 2 the children continued to become confident, independent learners and made positive relationships.

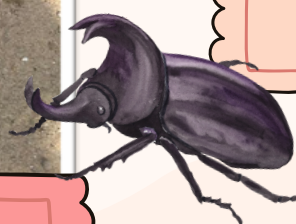

Math week- Children dress up in Math Hats

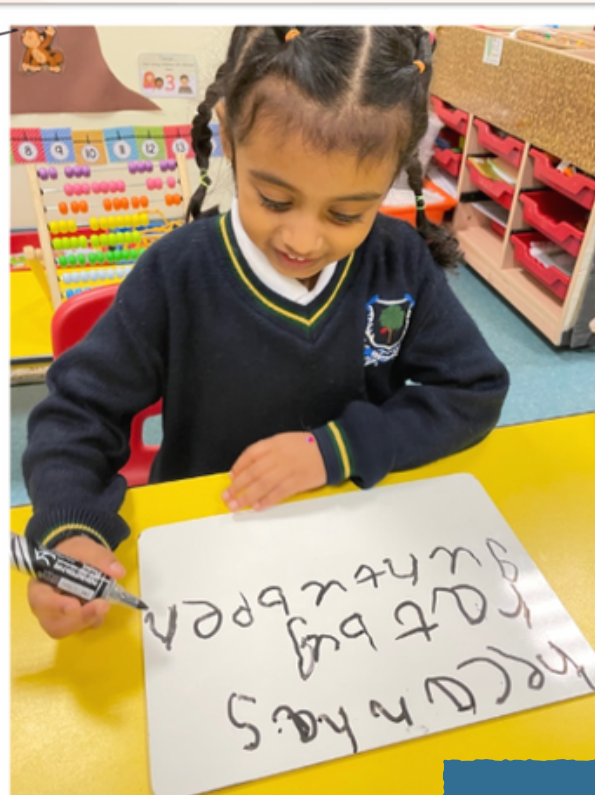

Science Week - Observing chemical reaction.

During our topic on Minibeasts, the children took turns looking for minibeasts in the school garden.

The girls enjoy pretending to be builders, building houses for their dolls.

Learning to write words using letter sounds learnt in class.

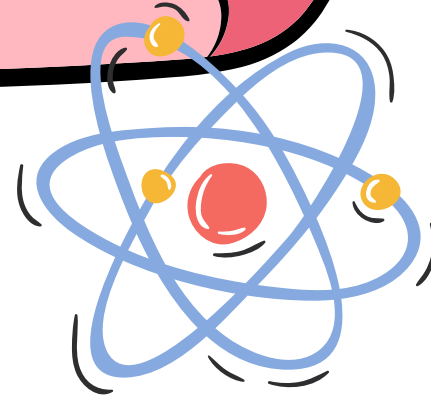

Building a tower in construction area.

YEAR 1

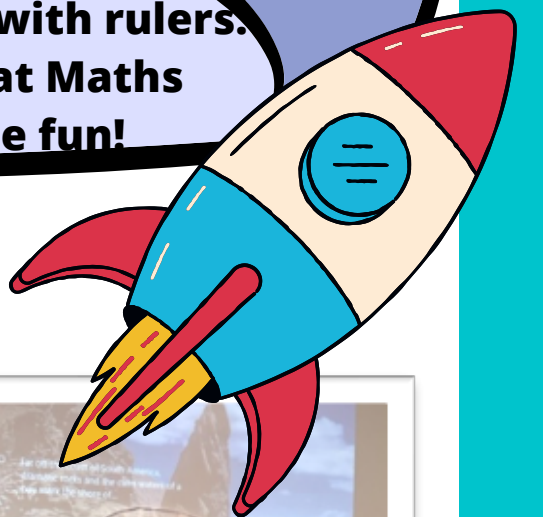

During science week, we did lots of fun experiments outside which was lead by Year 6 pupils and we dressed up as Scientists!

This term we found the value of coins, counted coins and did addition and subtraction using British money. We thoroughly enjoyed measuring things around the class with our friends.

We started out by using non-standard units such as cubes, before moving on to measuring with rulers.

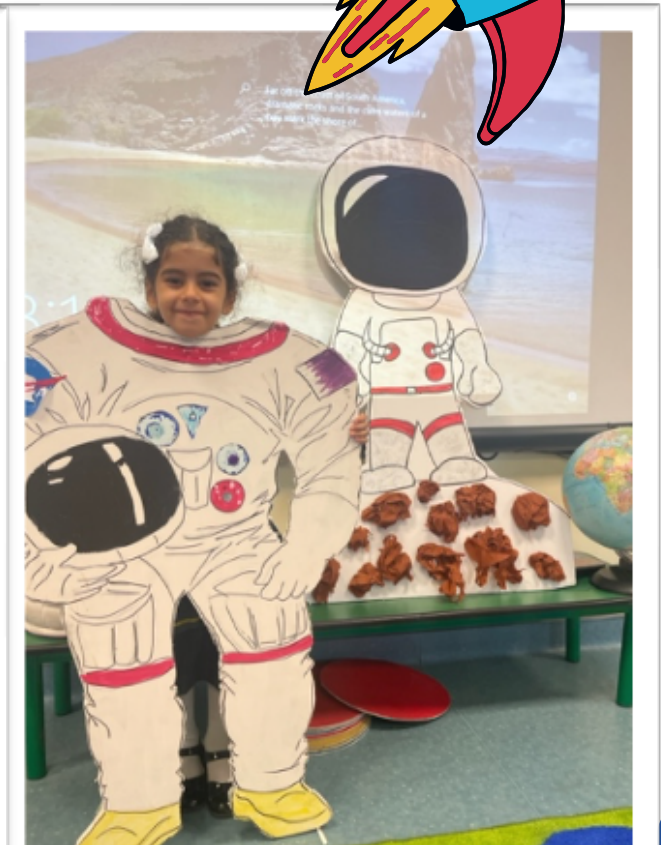

Proof that Maths CAN be fun!

In English, we have been learning the story of Zog. We learnt the story using actions and changed the characters to create our very own story!

We have been learning all about space in our Topic and Science lessons. We even made our own 3D planets and rockets in Art!

YEAR 2

Just like that we have come to the end of term 2 in Year 2!

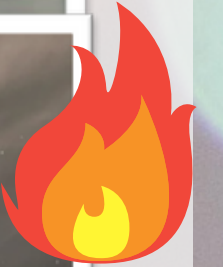

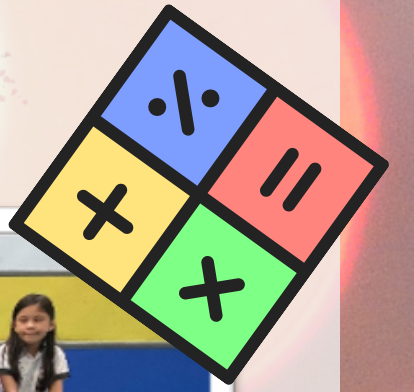

We have all made tremendous progress and should be proud of ourselves and what we have accomplished.

Throughout this term, we have continued to develop our academic skills and knowledge.

We have enjoyed Talk for Writing and learning actions to different types of texts to help us develop our writing skills. We have expanded our reading abilities, tackled more complex math problems, and explored new concepts in science and humanities. We enjoyed maths week and science week where we had the opportunity to participate in practical activities. The Year 6 students took the time to set up experiments which we took part in and taught us many different concepts, such as magnets, forces, gravity etc.

We had a fun dress up day where we came dressed up as firefighters to end of humanities week where we learnt all about The Great Fire of London. We also enjoyed sports day where we came to school dressed in our house colours and participated in different sports activities.

The highlight of the day was the tug of war for sure! Another highlight was going on our first school trip to Angry Birds! We really enjoyed taking the bus together and spending time with each other outside of the classroom. Not only have we continued to excel academically, but we have also shown great maturity and independence. We have taken responsibility for our learning, shown kindness and empathy towards our classmates, and demonstrated a strong work ethic. These qualities will serve us well as you continue to grow and learn. We are all looking forward to another exciting and successful term in Term 3!

YEAR 3

What a fantastic term of learning it has been. We are so proud of how hard the children have worked and the way they are continually growing and progressing. Although we've had such a short term, we have managed to fit so much into it. TAKE A LOOK!

SCHOOL TRIP: The school trip was an absolute success! The children were rewarded for all their hard work by spending the day at Angry Birds. The day was filled with excitement and fun. The children went on rides, played with their friends and had a day of developing important skills in responsibility and socialising.

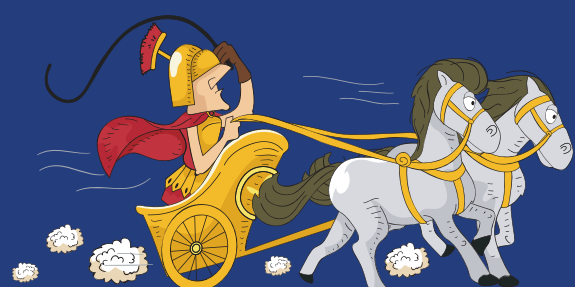

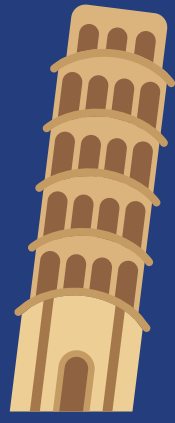

SCIENCE WEEK: Science Week was one to remember. The children were given the opportunity to explore, experiment and open their minds to the wonderful world of science. Each day brought a new experience and I know the children loved every minute. A personal favourite was the school assembly, where the children watched in amazement at the different explosions and potion

HISTORY: This term in History we learned about the Romans. This tied in nicely with our Geography topic about Italy too. The children were able to learn about the vast Roman Empire; their daily lives, how they came to take over many parts of North Africa and Europe, and about how warriors fought against them.

We also had a fun dress up day too. The children looked great!

YEAR 3

GEOGRAPHY: This term in Geography, the children learned about the country Italy! Along with looking at where Italy is, what famous people and places are there, the children also found out what foods were Italian and created their favorite menu (safe to say, pizza was a popular choice). We also had a fun dress up day!

ENGLISH: Our English topics this term were an instructional text and a legends tale. The children showed their abilities when it came to writing a creative instructional text based on 'How to Make an Alien Sandwich'. The term was finished by creating legends tales. The children really showed off their writing skills when it came to adjectives, adverbs and similes - creating descriptive and creative stories.

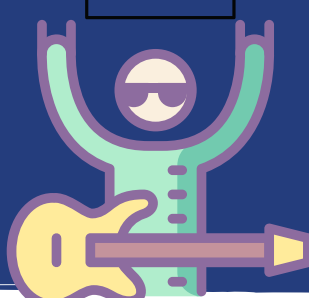

MATHS: The children have covered a variety of topics in Maths this term; from multiplication and division to fractions, measurement, and perimeter. The children have used concrete, pictorial and abstract methods to really consolidate their understanding of their new topics. There was a battle of the bands in 'Times Tables Rock Stars' as well as the 'Jelly Jar Challenge', where the children had to guess of the amount in the jar!

$$2 \times 2 = 4$$

$$3 \times 1 = 3$$

YEAR 4

In English this term, we looked at some poetry and had a go at writing our own poem. We had some debates and wrote a persuasive letter trying to get someone to see our point of view and we got to think of the dangers of not listening to a warning in the Warning Tale unit with 'Keep of the Tracks'.

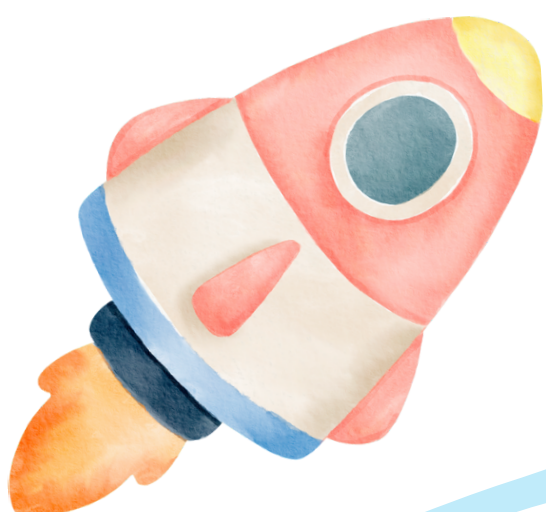

We also were warned of some dangers lurking in the Year 4 corridor with Hagrid's unusual pet. We got to do a lot of SHOW don't TELL to make our sentences POP!

This term, we have been learning about Brazil and Ancient Egypt in humanities. We created some amazing Ancient Egypt projects and presented them to our class. To celebrate, we had a humanities dress-up day, where we wore clothes like they did in Ancient Egypt. What a great term!

Year 4 took part in a variety of activities during science week; this included a scavenger hunt, a rocket bottle launch and many other science experiments.

YEAR 4

In Math this term, we have worked through a number of different concepts between area, fractions and decimals and the kids have worked hard to understand these different concepts. They've also had time to focus their attention on the Times Table Rockstars website which has helped the learners with their times table knowledge.

Year 4 had lots of fun during Mathematics week! All classes went head-to-head in a Times Tables Rockstars competition, with 4 Green taking home the prize. The children revised our current math topic by completing a 'Graffiti Art Competition'. Finally, on Thursday we all dressed up as Rockstars and participated in a whole year group math quiz! Fantastic effort Year 4.

On Wednesday, 22 February, we celebrated the National Sports Day! All year 4 classes dressed up in their house colours and competed against each other in the various activities. They participated in a range of activities including egg & spoon race, basketball shooting, ball dribbling, tug-of-war and loads more. What a fun day!

YEAR 5

Year 5 have had a great Term 2 filled with lots of fun and interesting activities!

We have really enjoyed learning all of our topics but especially The terrible Tudors! Where we got to dress up like Tudors, build their houses and draw their portraits- luckily, we got to keep our heads!

Science week was a lot of fun with experiments, rockets, and dress up... our teachers even tried to set the school on fire!

We have enjoyed many fun events including Humanities Week, Sports Day and our class trip to Bounce!

We have had an amazing Term 2 filled with lots of memories, fun activities and interesting topics. We have so much to look forward to in Term 3.

I hope you enjoy your vacation.
Happy holidays!
From the Year 5 Team!

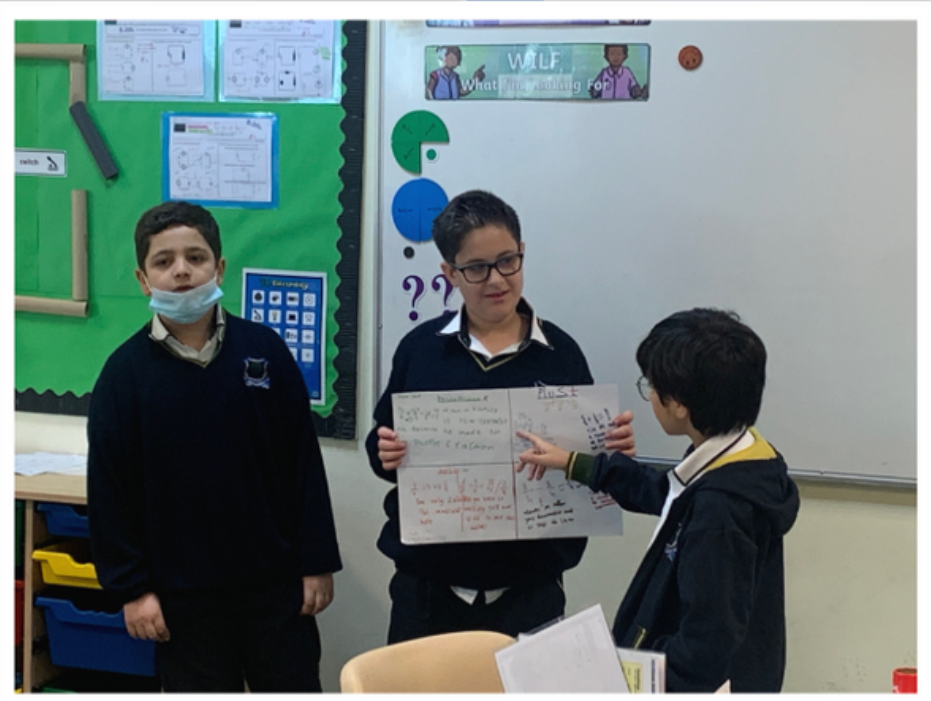

Year 6

In term 2, I enjoyed all the themed weeks the most! We had Sports day, Maths week, Science week and all other sorts of activities. On Sports day we did several activities, in our House teams, that we all got to experience and have fun. It was great working together in teams to compete for the House cup. During Maths week, we did loads of fun activities during Maths lessons including solving word problems and decoding riddles.

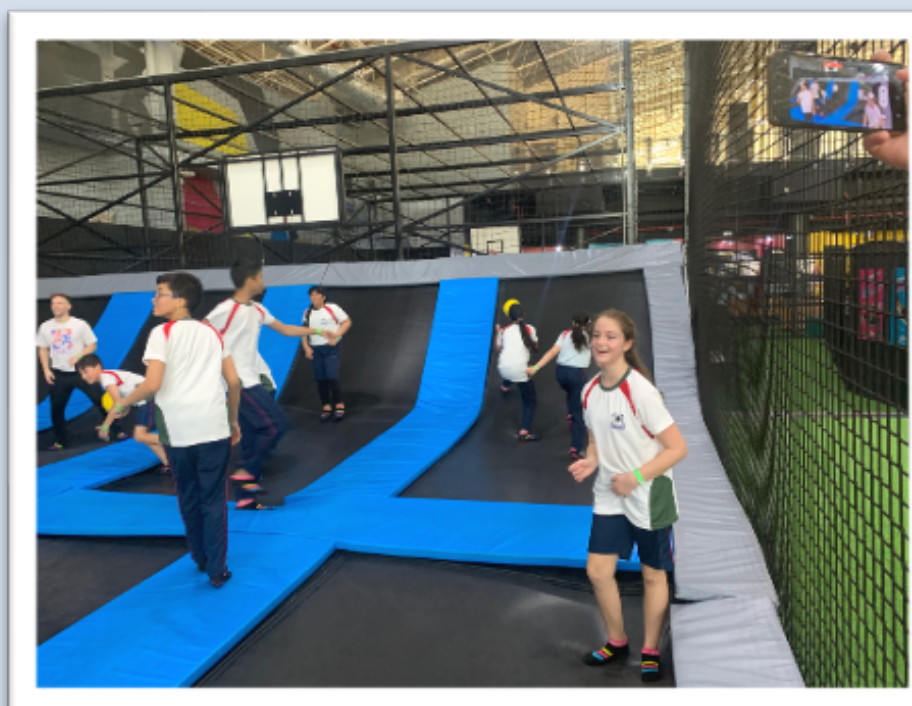

Science week was a week of experiments and fun all day long.

Some experiments included magnets, making and shooting tornado rockets and how to get a stick through a balloon without popping it.

Thank you Mr Kunz for the best Science week ever!

"We had a blast!" sums up our term. This term was busy and loaded with fun and new memories. It was amazing to see the students enjoy school life as we used to know it. Our trip to Bounce was a definite highlight and we witnessed the smiles on their faces as they participated in themed weeks and Sports day. Thank you to the year 6 teachers for your passion and dedication to make each school day here at NIA a fun and memorable experience for the children!

'At Bounce, we were first so excited when we boarded the white bus. We entered Bounce and got out a little snack then put on a pair of colourful socks. There were trampolines and obstacles everywhere; I couldn't wait!'

P4C

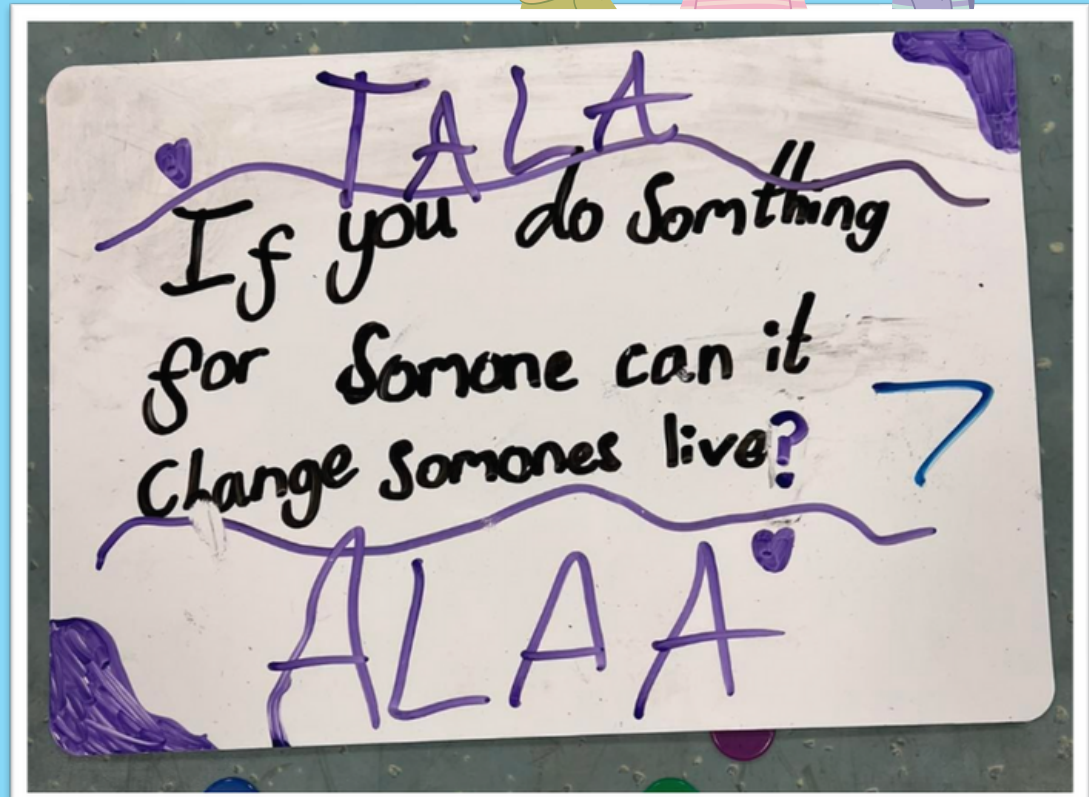

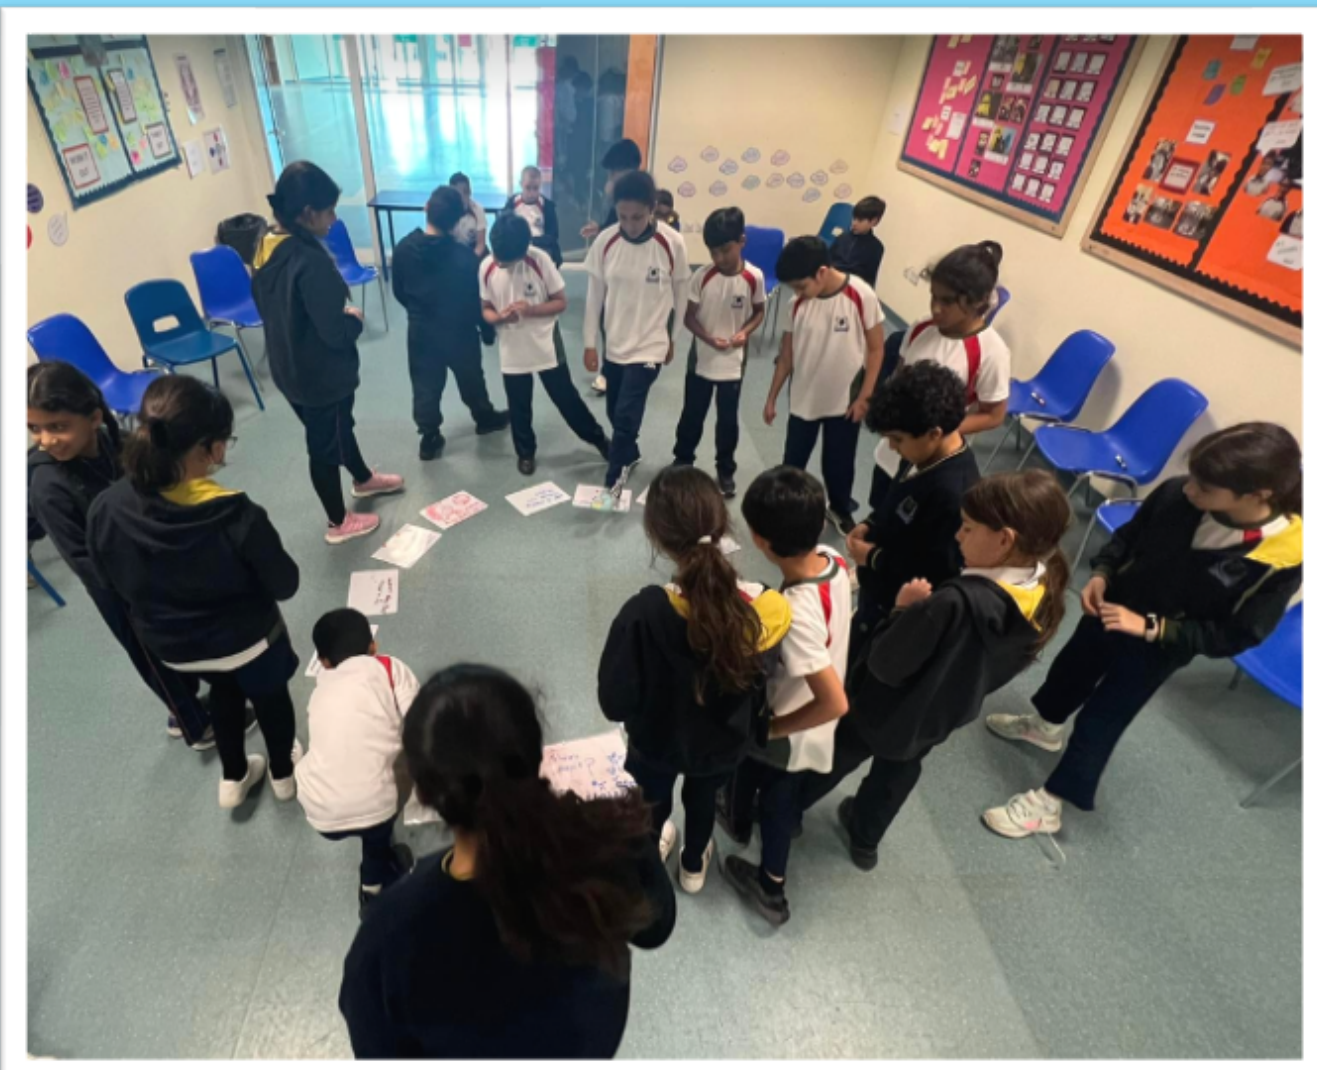

After being awarded the SAPERE Silver Award last year, NIA has been ensuring they live up to their name!

The P4C room has expanded! Interesting questions have been created! Conversations have grown deeper! And the children are becoming increasingly more philosophical.

In our weekly P4C lesson, children enjoy an exciting warm up game, discuss the 4Cs- collaborative, creative, caring and critical, watch a stimulus and find concepts, the children work in groups to create questions, and then discuss the question they chose.

P4C uses child-led, enquiry-based learning, where children are in control of what they get to discuss and how.

Can't wait to continue the enquiries next Term... and we're so excited to use the new beanbags!

IT'S TIME TO

CELEBRATE SUCCESS

THE SCHOOL CHOIR TOOK PART IN TEDX THIS TERM
AND WE ARE EXTREMELY PROUD OF THEM!

CELEBRATING SUCCESS

QPPSSA ATHLETICS BOYS & GIRLS

IT WAS WONDERFUL TO BE BACK AT THE QPPSSA ATHLETICS MEETING AFTER A THREE YEAR BREAK, THE CHILDREN HAD FUN AND OVERALL IT WAS A SUCCESSFUL DAY.

Medalists

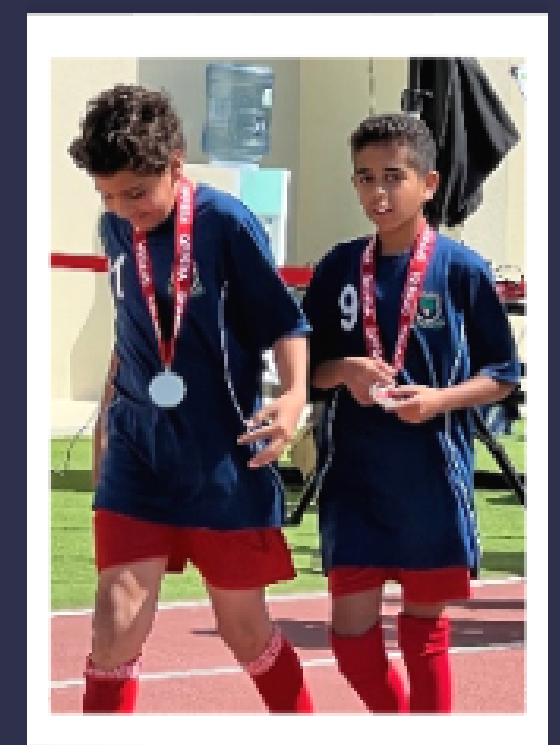

Name	Categories	Results and Events
Mohammed Ahyaan	BOYS U8	Bronze Medal: Long Jump and Ball Throw
Mohammed Eshaq	BOYS U8	Silver Medal: Standing Triple Jump
Alishba Danish	GIRLS U8	Bronze Medal: High Jump
Nusayeb Yafi	BOYS U9	Gold Medal: Ball Throw
Al Reem Al Hajri	GIRLS U9	Bronze Medal: 300m
Jayden Mathew	BOYS U10	Silver Medal: 300m and Bronze Medal: Relay
Ahmed Awad	BOYS U10	Gold Medal: Standing Long Jump and Bronze Medal: Relay
Krystof Woolgar	BOYS U10	Bronze Medal: Relay
Komay Alzoughbi	BOYS U10	Bronze Medal: Relay
Leen Salam	GIRLS U10	Silver Medal: 75m and Standing Long Jump, Bronze Medal: Relay
Jouri Ashraf	GIRLS U10	Bronze Medal: High Jump
Bouchra Hamoudi	GIRLS U10	Bronze Medal: Relay
Retal Diaa	GIRLS U10	Bronze Medal: Relay
Abdulaziz Al Romaihi	BOYS U11	Silver Medal: 75m
Ahmed Yaakoub	BOYS U11	Bronze Medal: Standing Long Jump
Abdulladi Khulaifi	BOYS U11	Bronze Medal: Shot Put
Nour Ahmed	GIRLS U11	Bronze Medal: 300m
Shadad Al Jomaily	GIRLS U11	Silver Medal: Standing Long Jump
Tanishka Rao	GIRLS U11	Silver Medal: Shot Put

QPPSSA BOYS FOOTBALL TOURNAMENT

11 schools entered the football competition, our Year 3 team came 5th overall, and our Year 4 team achieved the Bronze Medal position, both teams performed well and we look forward to next year. The Year 5 team improved a lot during the tournament, after losing the opening match, their performance improved and they drew with the eventual winners.

The Year 6 team performed very well during all of their matches and they won the tournament (Gold Medals).

CELEBRATING SUCCESS

SCHOOLS OLYMPIC PROGRAM GYMNASTICS LEVEL 2 BOYS AND GIRLS

Qualification for the finals took place for the boys at Al Laqtq Hall on February 16th, the team performed their individual routines to a very high standard and qualified in 1st position, we look forward to the finals.

The girls team traveled to Al Messila Hall on February 16th where 21 other schools took part in the qualification, the team also performed their individual routines very well and qualified in 1st position in the finals. Well done.

SCHOOLS OLYMPIC PROGRAM FOOTBALL BOYS

It was wonderful to be able to compete again in The Schools Olympic Program in Aspire Park after a two year gap. For the Level 2 team it was their first competition and they performed very well over a five week period and getting to the quarter finals in the competition, well done!!

Themed weeks

Math's week

Math's week was a fun-filled week aimed to share and spread the joy of mathematics with everyone. Children had Time Table Rock star competitions throughout the week and aimed to reach the leader board! There was many daily practical activities and games set up throughout the week. Treasure hunts took place and children guessed the number of jelly beans in a jar to win the prize. To end the week children dressed as rock stars.

Science week

Science week was a very exciting week for children and staff. Children took part in daily experiments including the shooting rockets, making slime and creating soap bubbles. Mr Kunz and Ms Usha prepared an outstanding show which included some exciting experiments; Fire tornado, can crush, elephant toothpaste and fire bubbles to mention just a few. To end the week we dressed up as crazy scientists.

Humanities week

Each year group based their humanities week activities around different topics including Mexico, Egypt, Italy, Explorers/Astronauts, Tudors and Firefighters. Children had a great time creating projects based on these units which were presented to their peers. To end the week we had a dress up day to represent our topics!

PARENTS @ NIA +

Parents attended various workshops throughout Term 2. This included Phonics, Guided Reading and an Arabic workshop. During these workshops we explained our Phonics and Reading approach and what a parent would see walking into a Phonics and Guided Reading lesson at NIA. We also looked at ways parents can help their children with reading at home and as well as the importance of reading at home. During the Arabic workshop we focused on Arabic reading and writing and how parents can support their children with Arabic reading and writing at home. KS 1 parents also had the opportunity to join the "Stay and Read" morning this term. Parents joined their children's classrooms and took part in a Guided Reading lesson. The children thoroughly enjoyed this experience. It is always a pleasure to see children sharing their passion for reading with others.

It is wonderful to see the collaboration between the school and parents. +

SPORTS DAYS

KS1 HAD FUN INSIDE THE GYM AND OUTSIDE ON THE FOOTBALL PITCH GOING AROUND VARIOUS FUN STATIONS SUCH AS EGG AND SPOON RACES, BASKETBALL SHOOTING TO NAME BUT A FEW. KS2 HAD COMPETED IN THEIR HOUSES IN A SPEED EVENT, THEY SPENT SIX MINUTES ON EACH STATION RECEIVING POINTS FOR THEIR HOUSES, EVENTS SUCH AS TUG OF WAR, VORTEX THROW , RELAY RACES, BASKETBALL DRIBBLE RACING, BASKETBALL SHOOTING, STANDING BROAD JUMP AND MANY MORE ENSURED A FUN TIME WAS HAD BY ALL THE CHILDREN.

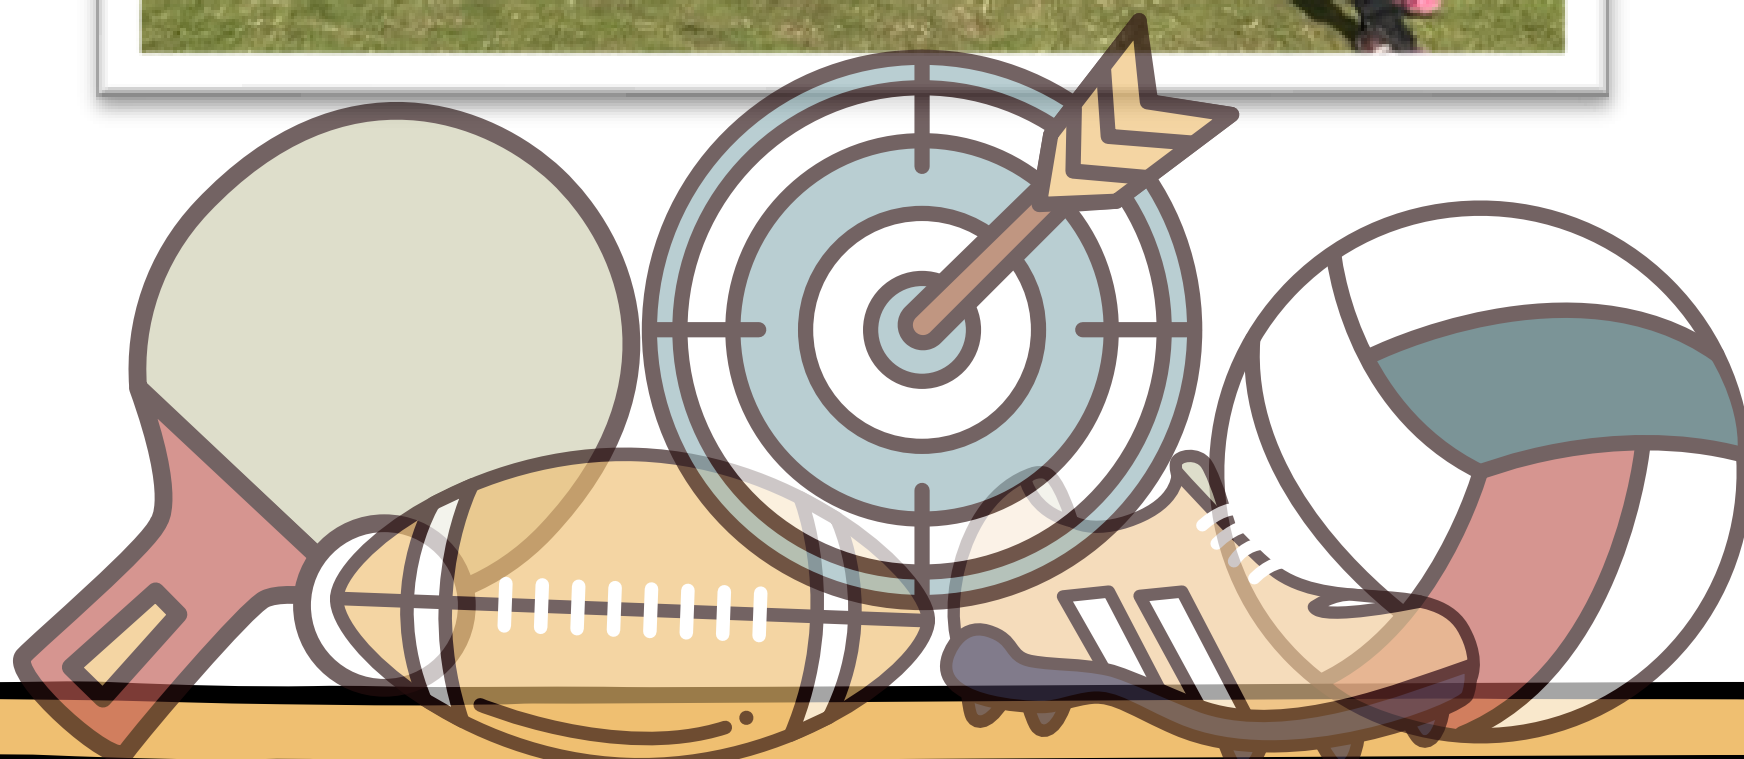

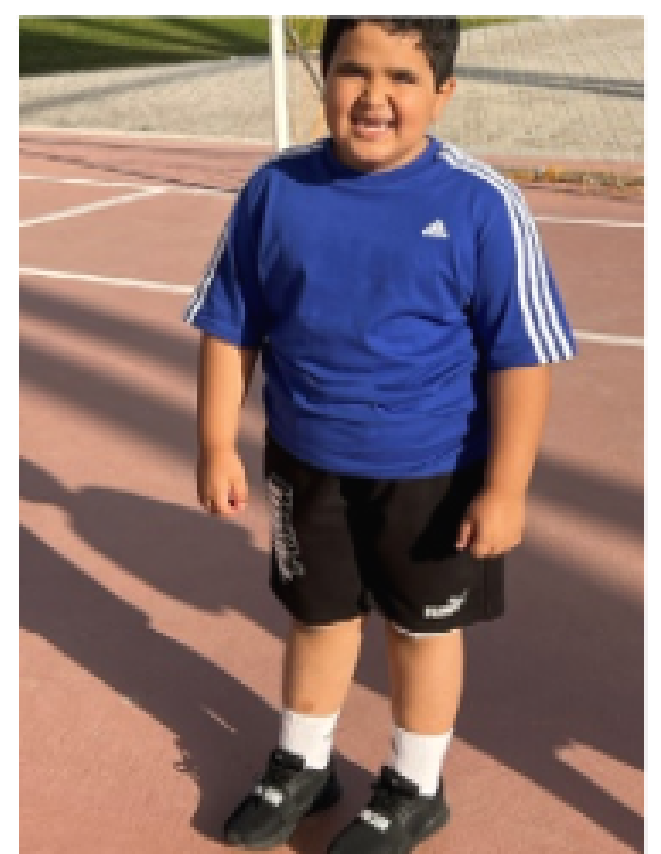

Sports Day Results

1 - Bell 18824p

2 – Wright 18149p

3 – Edison 18074p

4 – Curie 18013p

STUDENT LEADERSHIP SPORTS DAYS

DEAR PARENTS AND GUARDIANS,

WE, THE STUDENT LEADERSHIP TEAM AT NEWTON INTERNATIONAL ACADEMY, WANTED TO TAKE A MOMENT TO SHARE WITH YOU THE SUCCESS OF OUR RECENT SPORTS DAY EVENT. WE HAD A BLAST, AND WE WANTED TO GIVE YOU A GLIMPSE OF THE FUN WE HAD.

THE EVENT WAS PACKED WITH VARIOUS ACTIVITIES INCLUDING BASKETBALL, TUG OF WAR, FOOTBALL, AND MANY MORE. THERE WAS SOMETHING FOR EVERYONE AND ALL THE STUDENTS WERE EAGER TO PARTICIPATE IN THE ACTIVITIES. IT WAS A DAY FULL OF LAUGHTER, CHEERS, AND EXCITEMENT.

WE WERE ALSO PLEASED TO HAVE RESPONSIBLE SECONDARY STUDENTS AS SUPERVISORS AND HELPERS FOR THE DAY. THEY DID AN EXCELLENT JOB IN SUPPORTING US AND ENSURING THAT WE WERE ALL SAFE AND HAVING FUN. WE LEARNED A LOT FROM THEM, AND IT WAS A GREAT OPPORTUNITY TO BUILD RELATIONSHIPS WITH OLDER STUDENTS IN OUR SCHOOL.

ONE OF THE BEST THINGS ABOUT SPORTS DAY WAS THAT WE GOT TO SPEND TIME OUTDOORS, ENJOYING THE BEAUTIFUL WEATHER AND PARTICIPATING IN HEALTHY PHYSICAL ACTIVITIES. IT WAS A GREAT OPPORTUNITY FOR US TO GET SOME EXERCISE, WORK ON OUR TEAMWORK SKILLS, AND ENJOY EACH OTHER'S COMPANY.

WE WOULD LIKE TO EXTEND OUR GRATITUDE TO THE TEACHERS, AND STAFF FOR PUTTING TOGETHER SUCH A FANTASTIC EVENT. WE HAD A LOT OF FUN, AND IT WAS AN EXPERIENCE THAT WE WILL ALWAYS REMEMBER.

SCHOOL TRIPS

School trips have an important social aspect, as they facilitate team building and bonding between classmates. Going on trips is definitely one of the things we missed most during the pandemic. That is probably why it was one of the highlights of this term. Year 1-6 students all went on various outings such as Bounce, Angry Birds and Eataly. A huge thank you to all the adults who came to help on these trips. The children had a wonderful time.

ECA

At Newton International Academy, we are proud to offer a comprehensive and diverse extra-curricular programme, which compliments our academic excellence. Our extra-curricular activities are designed to provide students with opportunities to explore new interests and talents, as well as to develop existing skills and passions.

Our programme includes a wide range of activities in sports, language, music, arts, and other creative and academic pursuits. Whether it's playing chess or basketball, learning a language or singing in a choir, our extra-curricular activities provide a platform for students to discover their passions and talents.

We believe that our holistic approach to the curriculum enables our students to make choices that provide them with experiences and opportunities that promote lifelong learning and a love for activities that they can carry on in the future.

We encourage all our students to take advantage of our extra-curricular programme and explore the opportunities available to them.

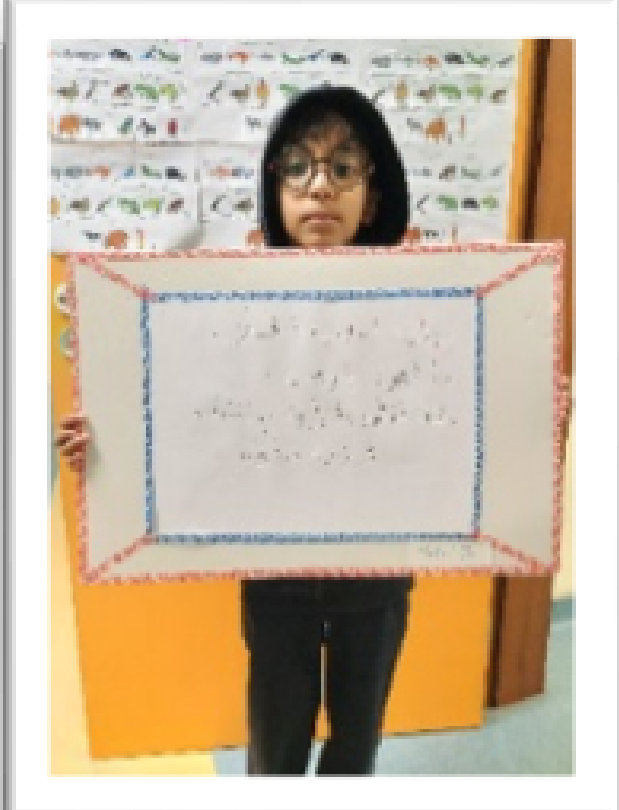

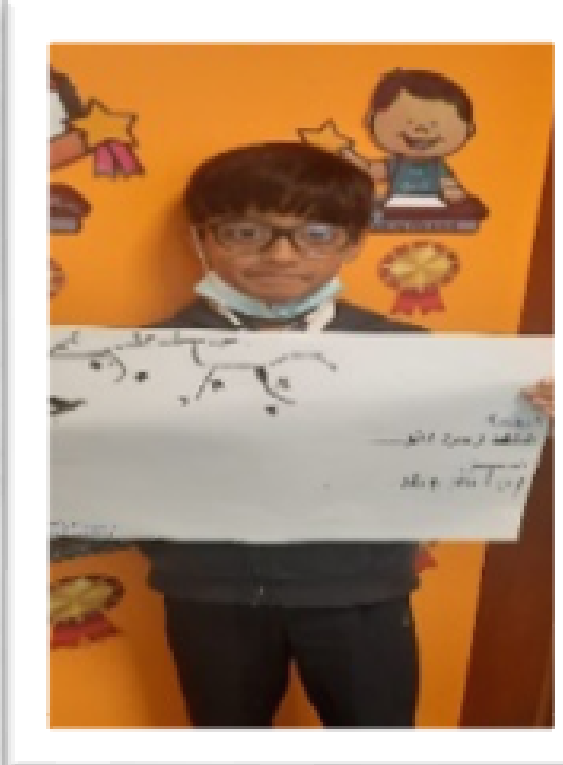

We are confident that they will discover new passions, make new friends, and develop skills and experiences that will serve them well throughout their lives.

Thank you for your continued support, and we look forward to seeing our students continue to thrive in our extra-curricular activities in Term 3.

INVOLVE ME AND I LEARN”

PE

WHAT A WONDERFUL AND BUSY TERM WE HAD IN PRIMARY PE, IN KS1 LESSONS WE FOCUSED ON DEVELOPING AGILITY, BALANCE AND COORDINATION WITH VARIOUS DRILLS THE CHILDREN CHANGED STATIONS AND HAD LEARNT IN A FUN ENVIRONMENT. IN KS2 WE FOCUSED ON BASKETBALL LEARNING THE BASICS AND IN SWIMMING THE CHILDREN DEVELOPED THEIR STROKES AND CONFIDENCE IN THE WATER.

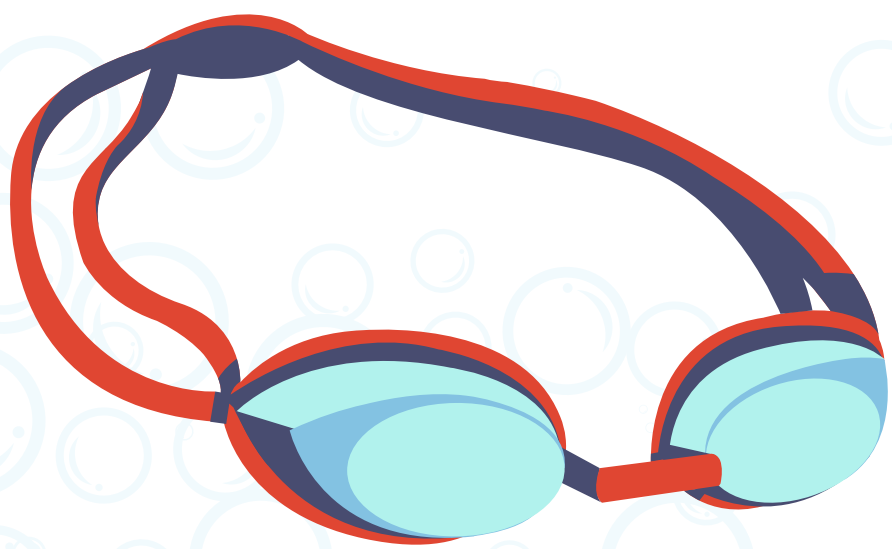

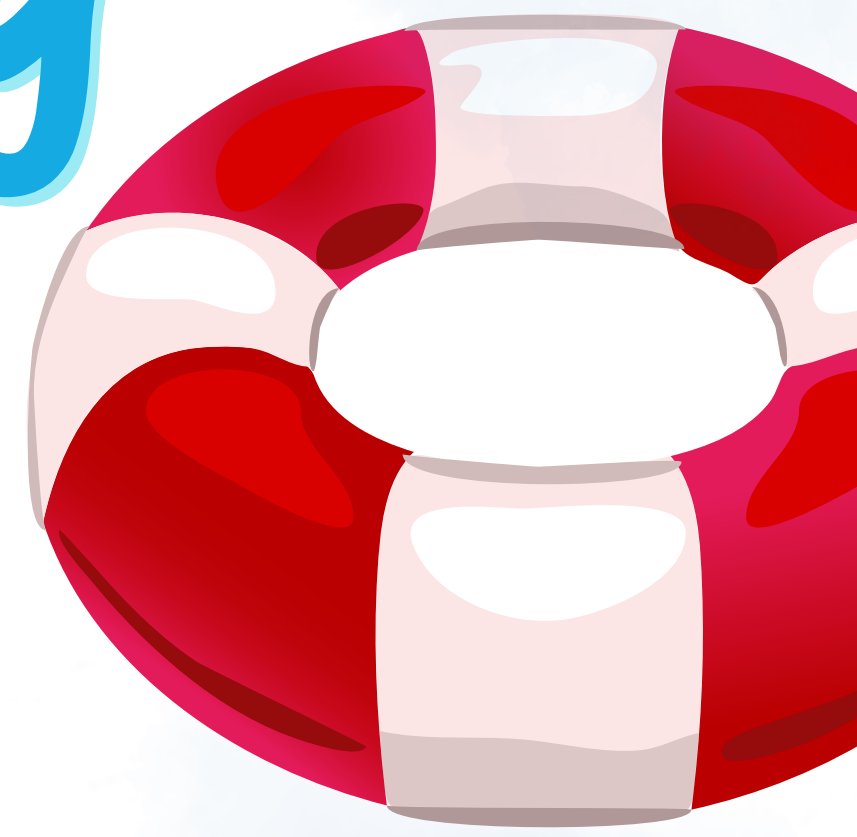

Swimming

This term Year 4, 5 and 6 students enjoyed their swimming lessons.

All students learned about safety in water and water skills such as sculling and treading water.

Our beginners focused on learning the basic adaptation to the water, water confidence, body positions and forms of propulsion through the water.

Our intermediate and advanced swimmers focused on learning the global movements of Freestyle, Backstroke, Breaststroke and Butterfly while improving the consistency and quality of existing strokes.

MUSIC

Year 1 and 2 have had a fantastic second term in Music. The children have had so much fun while learning about musical instruments, instrument families and the orchestra. They were also developing their ability to understand elements of music such as; pitch, pulse, rhythm and timbre.

Well done to everyone working hard this term! Keep up the excellent work!

In term 2 the students from Year 3, 4, 5 and 6 had a lot of fun!

We learned new concepts, we sang a lot, played different instruments, and learned how to play some songs on the xylophone! We also got to know everything about the symphony orchestra and it was very interesting to be able to recognise all the different instruments and sounds!

We can't wait for term 3!

Well done everyone!

FRENCH

Year 3

This term was fantastic!

Students can ask someone about his age and answer how old they are.

They also learnt about classroom objects and pencil case items. They are able to describe the items using colours. This term, we revised numbers 0-10 and we moved to 15. Students can say and write the numbers. Finally they learnt how to name days of the week in French.

Well done Year 3! Keep working!

Year 4

This term, students learnt about food and drinks .

They tried to speak and write sentences to express their opinions about food.(I like, I dislike). They also learnt how to name and describe what they are wearing using colours in simple sentences. We revised numbers to 60 speaking. Finally, we started some basic grammar using singular and plural.

Well done Year 4 for your hard work!

Year 5

This term, students learnt about different ways of transport.

They used sentences to say how they go to school using pronouns, verbs and prepositions. We learnt the present tense of the verb “aller” and how to use “ I, you , He, She, We and They”. This term we focused on building sentences using basic grammar. We also revised days of the week, months of the year and numbers to 80. Students can say and write dates in French.

Well done Year 5! You worked really hard!

Year 6

We had an amazing term 2 !

We tried to speak, write, listen and read in French! We could revise the present tense and we covered some interesting topics. We learned how to describe ourselves and someone else in introducing a new irregular verb: Être / to be. We also learned how to use “to do” and “to play” in French for describing our hobbies or activities. Finally, we reviewed vocabulary and “to have / avoir.”

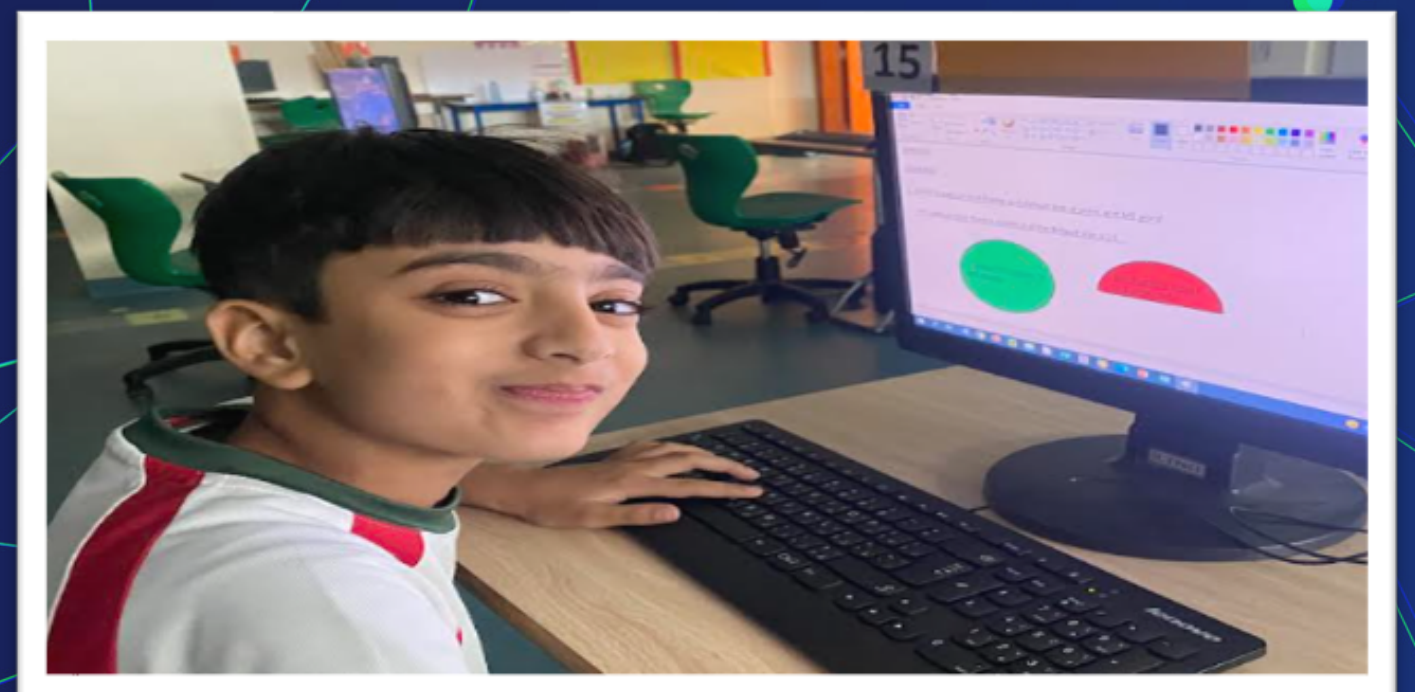

Bien joué! You can be proud!

ICT

Learning is fun in ICT here at Newton International Academy. KS2 students are so engaged as each of them do the hands-on activities on how to produce the required outputs as they critically think of the angular turns to follow. Illustrating angular turns.

Illustrating angular turns.
In preparation to LOGO 101.

TERM 3
STARTS

SUNDAY,
19 MARCH 2023.
